Impact to Date

Since 2014:

\$8.5MM

moved to effective charities

1,347

deaths averted

Lameck Ododo, courtesy of Helen Keller Intl

14,500 deaths per day x \$5000 to avert a death x 365
days per year:

\$28B to completely eradicated extreme poverty.

30M people make over \$100k annually in the US.
If each of those people donated 1% on their first \$100k

$30M \times \$100k \times 1\% = 30B$

Ending Extreme Poverty in our Lifetime is Possible.

Let's do this.

learn. connect. plan.
